When a Girl Loves an Earl May 17 2021 What a girl wants... Miss Viola Darling always gets what she wants. Always. And what she wants more than anything is to marry James Kilbrenner, the Earl of Tannenbrook. She's fallen hard for the giant, taciturn, surly brute, and she positively will have no other. The problem? He's not interested. Not even a little. But Viola cannot afford to lose. And she has her heart set on James. If only he will bend to a bit of persuasion. Is an earl like no other... James Kilbrenner knows how determined the entirely-too-beautiful Miss Darling can be—the daft woman cornered him at a perfectly respectable dinner and mangled his cravat before he could escape. He has no desire to marry, less desire to be pursued, and will certainly not kiss her kissable lips until they are both breathless, no matter how tempted he may be. And only the right one will do... Thrown in her path by a meddling marchioness, James finds himself under sensual siege from a tiny, flirtatious sprite who puts both his heart and his vow to remain unwed at risk. And when scandal looms, he learns the hard way that a man can resist only so long before the indomitable Miss Darling gets her way.

**Dead on the Island** Dec 12 2020 PI Truman Smith has become a loner after failing to find his sister Jan during a recent search of Galveston Island. He jogs on the Seawall, plays with his cat, and reads lots of Faulkner books. He is pulled from his self-imposed retirement when his old high school football buddy Dino asks him to find a young girl named Sharon. As Tru begins his investigation, dead bodies begin to appear and Tru himself is attacked. His search for Sharon takes him to all sorts of interesting places on and near the Island. Bill Crider spins a good mystery tale in a wonderful setting with interesting characters and enough plot twists to keep readers guessing until the last few chapters.

**Fork Me, Spoon Me** May 29 2022 Exploring the world's most potent aphrodisiacs for steaming up the kitchen or bedroom (or wherever), this cookbook from a leading authority on sensual foods leads readers down the road to romance or, if preferable, simply helps them get down and dirty. More than 40 recipes based on 12 main ingredients are featured, including vanilla-scented sea bass, moist mango meatloaf, ginger mojitos, and Persian love cake, all designed to promote overall sexual health. This limited edition is presented with a new, alternate cover.

**You Can Teach Grammar** Feb 11 2021 Teaching English to speakers of other languages (TESOL) requires knowledge of content (grammar, vocabulary, pronunciation) and methods (lesson planning, classroom management). Many TESOL teacher training programs assume that trainees have sufficient content knowledge, and therefore focus on methodology. Unfortunately, the assumption of content knowledge is often a bad one. Many TESOL graduates enter the work force without a sufficient grounding in English fundamentals. You Can Teach Grammar is a self-contained TESOL grammar course book. It covers all the parts of speech and major sentence structures and provides self-practice quizzes to check comprehension. In addition, the book directly addresses common classroom problems associated with each grammar topic. In the classroom, knowledge of the grammar alone is insufficient. Imparting English grammar skills in memorable and meaningful ways can be tricky, particularly for new teachers. For this reason, You Can Teach Grammar includes a variety of teaching ideas for each grammar topic. You Can Teach Grammar is designed as both a course book and a general reference. Its logical layout and detailed indexing make it a useful resource for teachers in the field as well as for teachers-in-training.

**The Wild Hog Murders** Jan 25 2022 Like most of the rest of Texas, Blacklin County is being overrun with feral hogs that destroy farmland and crops. There's hardly any defense against these pests, but they haven't been the cause of murder. Until now. A mother and son have opened an animal shelter in the county and they welcome even feral hogs. Someone's threatened them by slaughtering one of their animals and leaving it on their doorstep. Then Sheriff Dan Rhodes and Deputy Ruth Grady stumble across a dead man while searching the woods for a convenience store robber. The investigation into the man's death is complicated by angry hog hunters, a crusading talk-show host, a bounty hunter named Hoss, conflicts with the county commissioners, and the reappearance of Rapper and Nellie, the inept two-man motorcycle gang that's caused Rhodes considerable trouble in the past. By the time he's sorted through all the clues, Rhodes discovers that quite a few people aren't who they seemed to be, including those he's known for a long time. And some of them are killers. Award-winning author Bill Crider has written an endearing and consistently entertaining series, and The Wild Hog Murders offers a fresh new chance to get in on the fun.

**The Elvis And Marilyn Affair** Oct 02 2022 When actress Stevie Marriner, reigning "sex star of the soaps," becomes the prime suspect in the murder of a once famous movie director from the Golden Age of Hollywood, she calls on her ex--but still besotted--husband for help. Neil Gulliver, a Los Angeles newspaper crime reporter, thinks he can prove Stevie innocent and expose the real killer by untangling the truth surrounding the rumor that Elvis Presley and Marilyn Monroe had a torrid love affair in the mid-fifties--and that someone has the love letters to prove it!

**Righteous Porkchop** Nov 03 2022 Asked to head up Robert F. Kennedy Jr.'s environmental organization's "hog campaign," Nicolette Hahn Niman embarked upon a fascinating odyssey through the inner workings of the "factory farm" industry. What she discovered transformed her into an intrepid environmental lawyer determined to lock horns with the big business farming establishment. She even, unexpectedly, found love along the way. A searing account of an industry gone awry and one woman's passionate fight to remedy it, Righteous Porkchop chronicles Niman's investigation and her determination to organize a national reform movement to fight the shocking practices of industrial animal operations. She offers necessary alternatives, showing how livestock farming can be done in a better way—and she details both why and how to choose meat, poultry, dairy, eggs, and fish from traditionally farmed sources.

**The Bite That Binds** Jun 25 2019 It's just over a week until Sam will be Binding with Jared, and the only thing she wants is to spend that time relaxing and preparing for the ceremony. Unfortunately, she seems to be asking too much of fate, because suddenly she's lumbered with a number of distractions that have the potential to postpone, or even cancel, the Binding. There's a guarded fiancé to crack, a complicated assignment to deal with, Jared's ex to alienate, and a bunch of snobbish Master Vampires to win over - or offend, whichever. On the upside, things couldn't possibly be any worse, could they? Actually, yes they could. Due to a cruel twist of fate, something strange is happening to Sam - something that is changing her in ways she doesn't like or understand. With the help of Jared and those closest to her, she has to not only handle the threats to the Binding Ceremony, but find a way to fix what has been done to her - and fast. Warning: This book contains a stubborn and occasionally homicidal female vampire, a powerful and overprotective male vampire who refuses to lose her, and scenes of a sexual, explicit nature.

*Modern English Structures - Second Edition* Jan 31 2020 Modern English Structures is a clear and accessible text that follows a structural approach to teaching basic English grammar. The book is divided into three parts: what a sentence constituent is, what a sentence constituent does, and where a sentence constituent goes—Form, Function, and Position. The objective of the book is to bring students to a better understanding of sentence constituents and sentence structures, providing them with appropriate terminology to discuss these forms and relationships. This second edition has been revised and updated throughout. The accompanying Modern English Structures Workbook parallels the text and provides useful training both in memorization and in higher-order thinking skills.

Good Food: Recipes for Kids Mar 03 2020 Preparing fresh and healthy dishes and then getting your child to eat them can seem far from an easy task for busy parents. With this inspirational collection of recipes taken from Britain's top-selling BBC Good Food Magazine, the Good Food team prove you don't have to devote hours to a hot stove to give your children home-cooked meals, and fast food doesn't have to mean deep-fried or mass produced. Full of quick, easy and nutritional recipes using practical ingredients, a nutritional breakdown so you know exactly what you're giving your child and full-colour photos of each dish, this compact cookbook is a must for parents.

*Peeking at Peak Oil* Apr 27 2022 The term "Peak Oil" was born in January 2001 when Colin Campbell formed the Association for the Study of Peak Oil & Gas (ASPO). Now, Peak Oil is used thousands of times a day by journalists, politicians, industry leaders, economists, scientists and countless others around the globe. Peak Oil is not the end of oil but it tells us the end is in sight. Anyone interested in food production, economic growth, climate change or global security needs to understand this new reality. In *Peeking at Peak Oil* Professor Kjell Aleklett, President of ASPO International and head of the world's leading research group on Peak Oil, describes the decade-long journey of Peak Oil from extremist fringe theory to today's accepted fact: Global oil production is entering terminal decline. He explains everything you need to know about Peak Oil and its world-changing consequences from an insider's perspective. In simple steps, Kjell tells us how oil is formed, discovered and produced. He uses science to reveal the errors and deceit of national and international oil authorities, companies and governments too terrified to admit the truth. He describes his personal involvement in the intrigues of the past decade. What happens when a handful of giant oil fields containing two thirds of our planet's oil become depleted? Will major oil consumers such as the EU and US face rationing within a decade? Will oil producing nations conserve their own oil when they realize that no one can export oil to them in the future? Does Peak Oil mean Peak Economic Growth? If you want to know the real story about energy today and what the future has in store, then you need to be "Peeking at Peak Oil".

Conservation Genetics in Mammals Jun 17 2021 This book focuses on the use of molecular tools to study small populations of rare and endangered mammals, and presents case studies that apply an evolutionary framework to address innovative questions in the emerging field of mammalian conservation genomics using a highly diverse set of novel molecular tools. Novel and more precise molecular technologies now allow experts in the field of mammology to interpret data in a more contextual and empirical fashion and to better describe the evolutionary and ecological processes that are responsible for the patterns they observe. The book also demonstrates how recent advances in genetic/genomic technologies have been applied to assess the impact of environmental/anthropogenic changes on the health of small populations of mammals. It examines a range of issues in the field of mammalian conservation genomics, such as the role that the genetic diversity of the immune system plays in disease protection and local adaptation; the use of noninvasive techniques and genomic banks as a resource for monitoring and restoring populations; the structuring of population by physical barriers; and genetic diversity. Further, by integrating research from a variety of areas – including population genetics, molecular ecology, systematics, and evolutionary and conservation biology – it enables readers to gain a deeper understanding of the conservation biology of mammals that are at increasing risk of extinction at local, regional and global scales. As such, it offers a unique resource for a broad readership interested in the conservation biology of mammals and conservation management strategies to better preserve biodiversity.

**Force of Temptation** Sep 28 2019 Harley Vincent is resigned to life in the human world. Sure, being a margay shifter is half her nature, but life among humans gives her the freedom to roam and do as she pleases. That is, until anti-shifter extremists target her, putting her life in immediate danger. When an old acquaintance and onetime fling, Jesse Dalton, shows up to offer the protection of his pack, Harley hesitates. She may have feelings for Jesse that go beyond their one-night stand, but life among shifters means giving over her independence to the needs of pack. Plus Mercury Pack has its own threat to face: a rich half-shifter is determined to claim their territory at any cost. Jesse, who lost his true mate as a child, has wanted Harley since their night together, and he's not letting her go again. They may not be destined for each other, but he knows she belongs to him and with his pack. Even if he can convince her to join him now, can he convince her to stay?"
