engineers, mechanical engineers, structural engineers, marine engineers, chemical engineers, systems engineers, and engineering support personnel have a lot in common when they want to create a resume, and this book shows resumes and cover letters of individuals who want to work in the

field. For those who seek federal employment, there's a special section showing how to create federal resumes and government applications. Since many technical types aren't writers, this comes as a special gift: select a winning format, plug in your background specs, and away you go.

It's that easy--with REAL RESUMES in hand. - The Midwest Book Review 1-885288-42-5

### **Voices of the Oral Deaf**

Dec 23 2021 The deaf world is a complex one, divided by the allegiance of some to Deaf Culture, which emphasizes communication by sign-language, and by others to

oralism, which emphasizes speech as the primary means of communication, and still others to a program called Total Communication, which stresses both signing and speaking. Today, more and more deaf people, especially children, are choosing oralism because it helps them fit into mainstream society better. This work presents interviews with fourteen extraordinary oral deaf role models from diverse backgrounds and professions. Wall Street banker Ralph Marra, paralegal Kristin Buehl, 1984 Olympic gold medalist Jeff Float, percussionist Evelyn Glennie

**Logistics Jobs** Apr 14 2021 If you've been working in a specialized field like supply or logistics, you really

yearn to see sample resumes and cover letters of job hunters who have a similar background to yours. These resumes and cover letters were used in real job campaigns, and they speak the language of supply and logistics. You will gain insights into how to use the specialized language of supply and logistics and actually translate technical concepts of the supply and logistics field into language that can be easily understood.

*Real-Resumes for Firefighting Jobs* Jul 30 2022 When firefighters and emergency medical technicians prepare their resume and other materials

needed to explore employment opportunities, they realize that they have a unique background. At last there is a resume book that shows firefighters how to best present their qualifications, credentials, licenses, experience, volunteer work, education and training, affiliations, and other information. Would-be firefighters as well as experienced firefighting professionals will find outstanding samples of resumes and cover letters that worked for real people in their field. A special section of the book shows firefighters how to apply for government jobs.

and how to write the specialized resumes needed to apply for federal employment. As part of that section on the federal hiring process, the book shows how to write KSAs (statements describing Knowledge, Skills, and Abilities). This is a highly specialized title for a highly specialized field and for the very special people in that field.
