*Librarians, Historians, and New Opportunities for Discourse* Apr 01

2020 This book stimulates informed dialogue between librarians and historians regarding the changing nature of history and the resultant needs for a wider variety of collections and library services, including inter-library loan, library instruction, outreach, and reference. Today's history scholars and students utilize information in many different formats, including print, microforms, and digital, with each having its own format-specific requirements. For historians, the library is an essential resource that serves as their laboratory. Librarians need to recognize the changing needs of this group--arguably among the heaviest users of library materials and services. *Librarians, Historians, and New Opportunities for Discourse: A Guide for Clio's Helpers* addresses the concerns and typical operational decisions of librarians in academic libraries regarding reference, instruction, and collection

management. The book looks at the role of the librarian holistically, paying special attention to how history is researched and taught, and how this affects librarians. After reading this book, librarians will better understand this group of patrons who are so dependent on library resources for their research and teaching; conversely, historians will grasp the pressures on librarians making the difficult transition between the print and the digital age. As a result, every reader will be capable of having a more informed dialog with the other half, regardless of their status as a librarian or a historian.

**Black Britain** Jun 27 2022 Black people have inhabited the British Isles for centuries. Eminent professor Paul Gilroy, renowned for his work exploring the social and cultural dimensions of British blackness and black Britishness, has assembled a living visual history of blacks in the British Isles. Watershed moments include the rise and commercial circulation of black culture and music, the world wars, the Manchester Pan African Congress, the historic settlement of the Windrush generation and the riots of the 1980s. Luminaries drawn from politics, art and sport appear alongside many pioneers.

**The Information-literate Historian** Mar 25 2022 The Information-Literate Historian: A Guide to Research for History Students is the only book specifically designed to teach today's history students how to successfully select and use sources--primary, secondary, and electronic--to carry out and present their research. Expanded and updated, the third edition of The Information-Literate Historian continues to be an indispensable reference for historians, students, and other readers doing history research.

*Black Reconstruction in America* May 27 2022 "M170."Originally published under title: Black reconstruction. New York : Harcourt, Brace, c1935. Bibliography: p. 731-737.

*Reading Primary Sources* Jan 23 2022 Now in its second edition, *Reading Primary Sources* explores the varied traditions in source-criticism and, through specific examples provided by the contributors, illustrates how primary sources can be read and used in historical research. The first part of this two-part volume begins by establishing the reader's understanding of source criticism with an overview of both traditional and new methodological approaches to the use of primary documents. Taking into account the huge expansion in the range of primary sources used by historians, the second part includes chapters on surveillance reports, testimony and court files, in addition to more traditional genres such as letters, memoranda, diaries, novels, newspapers, political speeches and autobiography. For the new edition, each chapter now includes a checklist that suggests an easy-to-follow sequence of steps for interpreting a specific source genre, enabling students to understand how the sources should be read, what they have to offer, and the pitfalls of their interpretation. In addition to new discussions about the availability to digitised source materials, a new chapter on social surveys unlocks the potential of these widely used primary sources. Taking examples of sources from many European countries and the United States, and providing up-to-date information on the most widely used textual sources, this book is the perfect companion for every student of history who wants to engage with primary sources.

**Lynching Photographs** Sep 06 2020 Presents an analysis of lynching photographs, covering their history, meanings, uses, and displays.

*Human Chain* Nov 20 2021 A Boston Globe Best Poetry Book of 2011 Winner of the 2011 Griffin Poetry Prize Winner of the 2011 Poetry Now Award Seamus Heaney's new collection elicits continuities and solidarities, between husband and wife, child and parent, then and now, inside an intently remembered present—the stepping stones of the day, the weight and heft of what is passed from hand to hand, lifted and lowered. *Human Chain* also broaches larger questions of transmission, of lifelines to the inherited past. There are newly minted versions of anonymous early Irish lyrics, poems that stand at the crossroads of oral and written, and other "hermit songs" that weigh equally in their balance the craft of scribe and the poet's early calling as scholar. A remarkable sequence entitled "Route 101" plots the descent into the underworld in

the Aeneid against single moments in the arc of a life, from a 1950s childhood to the birth of a first grandchild. Other poems display a Virgilian pietas for the dead—friends, neighbors, family—that is yet wholly and movingly vernacular. Human Chain also includes a poetic "herbal" adapted from the Breton poet Guillevic—lyrics as delicate as ferns, which puzzle briefly over the world of things and landscapes that exclude human speech, while affirming the interconnectedness of phenomena, as of a self-sufficiency in which we too are included.

**Bibliotheca Americana** Dec 22 2021

The Methods and Skills of History Feb 09 2021 Widely acclaimed for its accessibility and engaging approach to the subject, the fourth edition of *The Methods and Skills of History* combines theory and instruction with hands-on practice, making it a comprehensive guide to historical research and writing. *Annual Report; 1951* Feb 21 2022 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To

ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

**Frankie Welch's Americana** Jul 25 2019 "Ashley Callahan's richly illustrated book, *Frankie Welch's Americana: Fashion, Scarves, and Politics*, with a foreword by LaDonna Harris, illuminates Frankie Welch's remarkable career by discussing her designs as they relate to the tradition of political swag, reflect women's changing roles in politics and business, and embody fashion styles of the 1960s, 70s, and 80s. Welch began fashion consulting (advising individuals what clothing to wear and buy) in the early 1950s and established her dress shop, Frankie Welch of Virginia, in Alexandria in 1963. She deftly navigated the complex social and political connections in the Washington, D.C. area, and her shop became a leading fashion destination for the political set. She created thousands of signature scarves for political campaigns, both major political parties, clubs, schools and alumni groups, corporations, and foundations as diverse as McDonald's, the Smithsonian Institution, United Way, the Algonquin Hotel, the United States Air Force, TimeLife Books, the Folger Shakespeare Library, McCormick Spice, the New York Jets, the National Press Club, the National Trucking Association, and the University of Georgia. She provided scarves for Betty Ford, Jimmy Carter, and the Reagan/Bush inauguration. *Frankie Welch's Americana* also identifies significant designs and discusses their creation, use, and influence in detail. It also highlights how Welch embraced and promoted her role as an entrepreneur, building a niche business that capitalized on her location near Washington and political connections, as well as her fashion expertise. Each scarf design offers an opportunity for a general audience to view the nation's recent past through the informative lens of women's fashion, and the story of Welch's success presents an appealing, accessible narrative"--

*Magic Search* Jul 05 2020 Presents the 467 best-performing LCSH subdivisions that speak to the kinds of research questions librarians handle every day. The quick-reference format, along with a handy index,

makes this a useful tool to keep close at hand.

**The Oral History Manual** May 03 2020 The Oral History Manual is designed to help anyone interested in doing oral history research to think like an oral historian. Recognizing that oral history is a research methodology, the authors first define oral history and provide an overview of its various applications. They then examine in detail the processes of planning and doing oral history, which include articulating the purpose of interviews, determining legal and ethical parameters, identifying narrators and interviewers, choosing equipment, developing budgets and record-keeping systems, preparing for and recording interviews, and caring for interview materials. The Oral History Manual provides a road map for all oral history practitioners, from students to public historians.

The Versailles Treaty and its Legacy Aug 06 2020 This study, a realist interpretation of the long diplomatic record that produced the coming of World War II in 1939, is a critique of the Paris Peace Conference and reflects the judgment shared by many who left the Conference in 1919 in disgust amid predictions of future war. The critique is a rejection of the idea of collective security, which Woodrow Wilson and many others believed was a panacea, but which was also condemned as early as 1915. This book delivers a powerful lesson in treaty-making and rejects the supposition that treaties, once made, are unchangeable, whatever their faults.

No Ordinary Time Jan 11 2021 Presents a social history of the United States in 1940, along with a moment-by-moment account of Roosevelt's leadership and the private lives of the president and First Lady, whose remarkable partnership transformed America. (This book was previously featured in Forecast.)

**A Short Guide to Writing about History** Mar 01 2020 This text helps students get beyond merely compiling dates and facts; it teaches them how to incorporate their own ideas into their papers and to tell a story about history that interests them and their peers. Covering brief essays and the documented resource paper, the text explores the writing and

researching processes, different modes of historical writing (including argument), and offers guidelines for improving style as well as documenting sources. --From publisher's description.

**Lincoln at Gettysburg** Jul 29 2022 The power of words has rarely been given a more compelling demonstration than in the Gettysburg Address. Lincoln was asked to memorialize the gruesome battle. Instead, he gave the whole nation "a new birth of freedom" in the space of a mere 272 words. His entire life and previous training, and his deep political experience went into this, his revolutionary masterpiece. By examining both the address and Lincoln in their historical moment and cultural frame, Wills breathes new life into words we thought we knew, and reveals much about a president so mythologized but often misunderstood. Wills shows how Lincoln came to change the world and to effect an intellectual revolution, how his words had to and did complete the work of the guns, and how Lincoln wove a spell that has not yet been broken.

**Going to the Sources** Sep 18 2021 It's been almost 30 years since the first edition of *Going to the Sources: A Guide to Historical Research and Writing* was first published. Newly revised and updated, the sixth edition of this bestselling guide helps students at all levels meet the challenge of writing their first (or their first "real") research paper. Presenting various schools of thought, this useful tool explores the dynamic, nature, and professional history of research papers, and shows readers how to identify, find, and evaluate both primary and secondary sources for their own writing assignments. This new edition addresses the shifting nature of historical study over the last twenty years. *Going to the Sources: A Guide to Historical Research and Writing* includes: A new section analyzing attempts by authors of historical works to identify and cultivate the appropriate public for their writings, from scholars appealing to a small circle of fellow specialists, to popular authors seeking mass readership A handy style guide for creating footnotes, endnotes, bibliographical entries, as well as a list of commonly used abbreviations Advanced Placement high school and undergraduate college students taking history courses at every level will benefit from

the engaging, thoughtful, and down-to-earth advice within this hands-on guide.
