A Journey of Black and Red Dec 24 2021 Waking up chained in a dark cellar, Ariane must struggle to survive and escape the strange fortress she finds herself in. All those around her play by rules she does not understand, and there is also this strange thirst that water cannot sate...

Baby Sees First Colors: Black, White & Red Jan 25 2022 Every new parent purchases at least one high-contrast board book, and this one, with its bold, more abstract art, stands out from the crowd. Featuring graphic images that are perfect for infants, parents and babies will love exploring this book together. Infants can distinguish the colors black and white because of their high contrast. But what is the next color infants see? Red! The images in this book have been created based on decades of research and refinement and are accompanied by bouncy, rhyming text.

In the Red and in the Black Nov 10 2020 "The most dishonorable act that can dishonor a man." Such is Félix Grandet's unsparing view of bankruptcy, adding that even a highway robber—who at least "risks his own life in attacking you"—is worthier of respect. Indeed, the France of Balzac's day was an unforgiving place for borrowers. Each year, thousands of debtors found themselves arrested for commercial debts. Those who wished to escape debt imprisonment through bankruptcy sacrificed their honor—losing, among other rights and privileges, the ability to vote, to serve on a jury, or even to enter the stock market. Arguing that French Revolutionary and Napoleonic legislation created a conception of commercial identity that tied together the debtor's social, moral, and physical person, *In the Red and in the Black* examines the history of debt imprisonment and bankruptcy as a means of understanding the changing logic of commercial debt. Following the practical application of these laws throughout the early nineteenth century, Erika Vause traces how financial failure and fraud became legally disentangled. The idea of personhood established in the Revolution's aftermath unraveled over the course of the century owing to a growing penal ideology that stressed the state's virtual monopoly over incarceration and to investors' desire to insure their financial risks. This meticulously researched study offers a novel conceptualization of how central "the economic" was to new understandings of self, state, and the market. Telling a story deeply resonant in our own age of ambivalence about the innocence of failures by financial institutions and large-scale speculators, Vause reveals how legal personalization and depersonalization of debt was essential for unleashing the latent forces of capitalism itself.

[Red Brick, Black Mountain, White Clay](#) Jan 31 2020 "Beautiful, haunted, evocative and so open to where memory takes you. I kept thinking that this is the book that I have waited for: where objects, and poetry intertwine. Just wonderful and completely sui generis." (Edmund de Waal, author of *The Hare with Amber Eyes*) An unforgettable voyage across the reaches of America and the depths of memory, this generational memoir of one incredible family reveals America's unique craft tradition. In *Red Brick, Black Mountain, White Clay*, renowned critic Christopher Benfey shares stories—of his mother's upbringing in rural North Carolina among centuries-old folk potteries; of his father's escape from Nazi Europe; of his great-aunt and -uncle Josef and Anni Albers, famed Bauhaus artists exiled at Black Mountain College—unearthing an ancestry, and an aesthetic, that is quintessentially American. With the grace of a novelist and the eye of a historian, Benfey threads these stories together into a radiant and mesmerizing harmony.

The Red and the Black Nov 03 2022 A Major New Translation The Red and the Black, Stendhal's masterpiece, is the story of Julien Sorel, a young dreamer from the provinces, fueled by Napoleonic ideals, whose desire to make his fortune sets in motion events both mesmerizing and tragic. Sorel's quest to find himself, and the doomed love he encounters along the way, are delineated with an unprecedented psychological depth and realism. At the same time, Stendhal weaves together the social life and fraught political intrigues of post-Napoleonic France, bringing that world to unforgettable, full-color life. His portrait of Julien and early-nineteenth-century France remains an unsurpassed creation, one that brilliantly anticipates modern literature. Neglected during its time, *The Red and the Black* has assumed its rightful place as one of the world's great books, and Burton Raffel's extraordinary new translation, coupled with an enlightening Introduction by Diane Johnson, helps it shine more brightly than ever before.

Red, Black, White May 05 2020 *Red, Black, White* is the first narrative history of the American communist movement in the South since Robin D. G. Kelley's groundbreaking *Hammer and Hoe* and the first to explore its key figures and actions beyond the 1930s. Written from the perspective of the district 17 (CPUSA) Reds who worked primarily in Alabama, it acquaints a new generation with the impact of the Great Depression on postwar black and white, young and old, urban and rural Americans. After the Scottsboro story broke on March 25, 1931, it was open season for old-fashioned lynchings, legal (courtroom) lynchings, and mob murder. In Alabama alone, twenty black men were known to have been murdered, and countless others, women included, were beaten, disabled, jailed, "disappeared," or had their lives otherwise ruined between March 1931 and September 1935. In this collective biography, Mary Stanton—a noted chronicler of the left and of social justice movements in the South—explores the resources available to Depression-era Reds before the advent of the New Deal or the modern civil rights movement. What emerges from this narrative is a meaningful criterion by which to evaluate the Reds' accomplishments. Through seven cases of the CPUSA (district 17) activity in the South, Stanton covers tortured notions of loyalty and betrayal, the cult of white southern womanhood, Christianity in all its iterations, and the scapegoating of African Americans, Jews, and communists. Yet this still is a story of how these groups fought back, and fought together, for social justice and change in a fractured region.

The Little Black Book of Big Red Flags May 17 2021 You've done it before. Saw something wrong with him--whether it was suspect grooming habits or ridiculously childish behavior--but let it slide. It's not that big of a deal. Except it totally was. You wanted to fall in love, but ended up going insane. You swore you'd never do it again. But did. Don't beat yourself up. In the search for love, we've all either blatantly ignored or completely missed red flags. Instead, smarten up. It's time to figure out what you missed and learn how to avoid similar flagtastic fiascos in the future. If you raise your red flag awareness now, you'll be able to greenlight a real relationship down the road.

Black and Red Oct 22 2021 Many historians have seen a radical shift in W.E.B. Du Bois' political activities in his later years. Following World War II, the evolution of his political perspective led to his ouster from the National Association for the Advancement of Colored People, where he had worked for years, and the Justice Department's indictment of him for failure to register as a foreign agent. In this extensively researched study, Gerald Horne shows that Du Bois' later activities were the culmination of his lifelong concerns, which Du Bois resolutely followed despite the threats of Cold War McCarthyism. In investigating Du Bois' last 20 years, Horne shows how the confluence of Cold War anticommunism and attempts to discredit the civil rights and anticolonial movements influenced the evaluation of Du Bois' activity. The recently opened papers of W.E.B. Du Bois and previously unexamined papers of the NAACP are among the new sources Horne examined for his study.

Red Lines, Black Spaces Jan 13 2021 Runyon Heights, a community in Yonkers, New York, has been populated by middle-class African Americans for nearly a century. This book—the first history of a black middle-class community—tells the story of Runyon Heights, which sheds light on the process of black suburbanization and the ways in which residential development in the suburbs has been shaped by race and class. Relying on both interviews with residents and archival research, Bruce D. Haynes describes the progressive stages in the life of the community and its inhabitants and the factors that enabled it to form in the first place and to develop solidarity, identity and political consciousness. He shows how residents came to recognize common political interests within the community, how racial consciousness provided an axis for social solidarity as well as partial insulation from racial slights, and how the suburb afforded these middle-class residents a degree of physical and social distance from the ghetto. As Haynes explores the history of Runyon Heights, we learn the ways in which its black middle class dealt with the tensions between the political interests of race and the material interests of class.

Being Black, Living in the Red Mar 03 2020 "Being Black, Living in the Red is an important book. In Conley's persuasive analysis the locus of current racial inequality resides in class and property relations, not in the labor market. This carefully written and meticulous book not only provides a compelling explanation of the black-white wealth differential, it also represents the best contribution to the race-class debate in the past two decades."—William Julius Wilson, author of *When Work Disappears: The World of the New Urban Poor* "In *Being Black, Living in the Red*, Dalton Conley has taken the discussion of race and inequality into important new territory. Even as income inequality is shrinking, Conley shows, the wealth gap endures. That gap, he argues lucidly, explains much of the persisting 'two societies' phenomenon—it contributes significantly to inequalities in education, work, even family structure. Those concerned about equity in America will find this

book indispensable reading."—David Kirp, author of *Our Town: Race, Housing, and the Soul of America* "With methodological sophistication Dalton Conley's well written book makes a significant contribution to our understanding of the precarious social and economic predicament that African Americans continue to experience."—Martin Sanchez-Jankowski, author of *City Bound: Urban Life and Political Attitudes Among Chicano Youth* "Picking up where Oliver and Shapiro (*Black Wealth, White Wealth*) left off, Conley details how and why facets of net worth cascade into long-term inequalities. All sides will be impressed with Conley's thorough scholarship and richly detailed analysis."—Troy Duster, co-editor of *Cultural Perspectives on Biological Knowledge* "Being Black, Living in the Red is the most convincing analysis yet of the importance of wealth for the life chances of African Americans. Thanks to Conley's stunning data and adroit theoretical discussions, social scientists and policymakers can no longer ignore wealth as they attempt to deal with the thorny issue of racial inequality. A must read!"—Melvin L. Oliver, author of *Black Wealth, White Wealth: A New Perspective on Racial Inequality*

Stories in Red and Black Mar 27 2022 The Aztecs and Mixtecs of ancient Mexico recorded their histories pictorially in images painted on hide, paper, and cloth. The tradition of painting history continued even after the Spanish Conquest, as the Spaniards accepted the pictorial histories as valid records of the past. Five Pre-Columbian and some 150 early colonial painted histories survive today. This copiously illustrated book offers the first comprehensive analysis of the Mexican painted history as an intellectual, documentary, and pictorial genre. Elizabeth Hill Boone explores how the Mexican historians conceptualized and painted their past and introduces the major pictorial records: the Aztec annals and cartographic histories and the Mixtec screenfolds and lienzos. Boone focuses her analysis on the kinds of stories told in the histories and on how the manuscripts work pictorially to encode, organize, and preserve these narratives. This twofold investigation broadens our understanding of how preconquest Mexicans used pictographic history for political and social ends. It also demonstrates how graphic writing systems created a broadly understood visual "language" that communicated effectively across ethnic and linguistic boundaries.

Red and the Black Volume I EasyRead Lar Sep 08 2020 "The Red and the Black," is a reflective novel about the rise of poor, intellectually gifted people to High Society. Set in 19th century France it portrays the era after the exile of Napoleon to St. Helena. The influential, sharp epigrams in striking prose, leave reader almost as intrigued by the author's talent as the surprising twists that occur in the arduous love life.

Red, White, and Black Oct 02 2022 In the rush to redefine the place of black Americans in contemporary society, many radical activists and academics have mounted a campaign to destroy traditional American history and replace it with a politicized version that few would recognize. According to the new radical orthodoxy, the United States was founded as a racist nation—and everything that has happened throughout our history must be viewed through the lens of the systemic oppression of black people. Rejecting this false narrative, a collection of the most prominent and respected black scholars and thinkers has come together to correct the record and tell the true story of black Americans in all its complexity, diversity of experience, and poignancy. Collectively, they paint a vivid picture of black people living the grand American experience, however bumpy the road may be along the way. But rather than a people apart, blacks are woven into the united whole that makes this nation unique in history. Featuring Essays by: John Sibley Butler Jason D. Hill Colman Cruz Hughes John McWhorter Clarence Page Wilfred Reilly Shelby Steele Carol M. Swain Dean Nelson Rev. Corey Brooks Stephen L. Harris Harold L. Black Stephanie Deutsch Yaya J. Fanusie Ian Rowe John Woods Joshua Michell

The Red and The Black Jul 07 2020 *Le Rouge et le Noir* (French meaning The Red and the Black) is a historical psychological novel in two volumes by Stendhal, published in 1830. It chronicles the attempts of a provincial young man to rise socially beyond his modest upbringing through a combination of talent, hard work, deception, and hypocrisy. He ultimately allows his passions to betray him. The novel's full title, *Le Rouge et le Noir: Chronique du XIXe siècle* (The Red and the Black: A Chronicle of the 19th Century), indicates its twofold literary purpose as both a psychological portrait of the romantic protagonist, Julien Sorel, and an analytic, sociological satire of the French social order under the Bourbon Restoration (1814-30). In English, *Le Rouge et le Noir* is variously translated as *Red and Black*, *Scarlet and Black*, and *The Red and the Black*, without the subtitle.

From Red To Black Jul 19 2021 Can you imagine what your life could look like a year from now if you broke the chains of debt off your family tree and unlocked your full financial potential? How would it feel, and where would that freedom take you? This is the guidebook you need to get there. It's time to turn off the autopilot, close the door on mediocrity and live the life you and your family so richly deserve. *From Red to Black* teaches you: -Five Habits of The Rich You Must Know-Seven Habits of The Poor You Must Avoid at All Costs-Easy Ways to Increase Your Income and Eliminate Debt-Strategies for Starting a Business and Creating Passive Income-How to Thrive in The Black with a Money Multiplying Mindset This is your invitation to join the ranks of the seemingly ordinary yet super successful. Chris shares the insights he's gained while walking his own path to financial freedom, including the million-dollar life lessons he learned while playing Monopoly, why J.O.B. stands for "just over broke," and how to leverage your most precious asset: time. If you're ready to enjoy a higher standard of living, turn financial dreams into a reality and take a short journey to your God-given destiny, then it's time to go *From Red to Black*. Don't allow a lack of money to determine how big you dream. - *Manifest From Red To Black* is a blueprint for financial freedom: a manual in which Chris shares the principles he used to break the cycle of debt and build a legacy of wealth." In life,

it's best to learn from people who are actually where you want to be. If you want to expand your financial education and learn from someone who has built an empire from the ground up, then this book is the first place you should start. It's educational, inspirational and entertaining." Seth Mosley (Founder of Full Circle Music, Grammy-Winner)"I really loved this book. Straight to the point, with so many powerful lessons and reminders about God, money, vision, faith, and more. Highly recommended!" Brandon Turner (Bigger Pockets)"This book is a paradigm shift for anyone dreaming about living a debt free life. It's not just the inspiring stories and wisdom Chris shares; the book reads to a practical how-to guidebook anyone can use to move from red to black! Highly recommended, the new standard financial independence!" Shane Sams (Flipped Lifestyle)"From Red to Black is a life changing book! If you want to get your financial house in order, change your family tree and leave a legacy this is a must read. Chris has a heart of gold and is on a mission to help you unlock your potential and fulfill your dreams." Jeff Rose, CFP (Good Financial Cents)

Proudly Red and Black Jun 29 2022 A study of the relationship between native American and African-American people profiles six people of mixed African and native American ancestry, including colonial trader Richard Cuffe, Senator Robert Smalls, and artist Edmonia Lewis.

Black Leopard, Red Wolf Jun 05 2020 "A fantasy world as well-realized as anything Tolkien made." —Neil Gaiman "Gripping, action-packed....The literary equivalent of a Marvel Comics universe." —Michiko Kakutani, *The New York Times* In this epic, internationally bestselling novel from Marlon James, the Man Booker Prize-winning author of *A Brief History of Seven Killings*, myth, fantasy and history merge in the stunning story of a mercenary's quest to find a missing child. Tracker is known far and wide for his skills as a hunter: "He has a nose," people say. Hired to find a mysterious boy who has disappeared, Tracker breaks his own rule of always working alone when he finds himself part of a group assembled to search for the boy. The band is a hodgepodge, full of unusual characters with secrets of their own, including a shape-shifting man-animal known as the Leopard. As Tracker follows the boy's scent, he and the band are set upon by creatures intent on destroying them. As he fights for survival, Tracker starts to wonder: Who, really, is this boy? Why has he been missing for so long? Why do so many people want to keep the boy from being found? And perhaps most important of all: Who is telling the truth, and who is lying? Drawing from African history and mythology and his own rich imagination, Marlon James has written a saga of breathtaking adventure that's also an ambitious, involving read. Defying categorization and full of unforgettable characters, *Black Leopard, Red Wolf* is both surprising and profound as it explores the fundamentals of truth, the limits of power, the excesses of ambition, and our need to understand them all.

The Red Book Apr 03 2020 Detective Billy Harney's reputation as a dirty cop may be the only thing keeping Chicago clean in James Patterson's most critically-acclaimed thriller since *The Black Book*. For Detective Billy Harney, getting shot in the head, stalked by a state's attorney, and accused of murder by his fellow cops is a normal week on the job. So when a drive-by shooting on the Chicago's west side turns political, he leads the way to a quick solve. But Harney's instincts—his father was once chief of detectives and his twin sister, Patti, is also on the force—run deep. As a population hungry for justice threatens to riot, he realizes that the three known victims are hardly the only casualties. When Harney starts asking questions about who's to blame, the easy answers prove to be the wrong ones. On the flip side, the less he seems to know, the longer he can keep his clandestine investigation going . . . until Harney's quest to expose the evil that's rotting the city from the inside out takes him to the one place he vowed never to return: his own troubled past.

Red and Black in Haiti Jul 31 2022 In 1934 the republic of Haiti celebrated its 130th anniversary as an independent nation. In that year, too, another sort of Haitian independence occurred, as the United States ended nearly two decades of occupation. In the first comprehensive political history of postoccupation Haiti, Matthew Smith argues that the period from 1934 until the rise of dictator Francois "Papa Doc" Duvalier to the presidency in 1957 constituted modern Haiti's greatest moment of political promise. Smith emphasizes the key role that radical groups, particularly Marxists and black nationalists, played in shaping contemporary Haitian history. These movements transformed Haiti's political culture, widened political discourse, and presented several ideological alternatives for the nation's future. They were doomed, however, by a combination of intense internal rivalries, pressures from both state authorities and the traditional elite class, and the harsh climate of U.S. anticommunism. Ultimately, the political activism of the era failed to set Haiti firmly on the path to a strong independent future.

From Red to Black? Jun 25 2019

[The Red and the Black](#) Oct 29 2019 This edited collection explores the inspiration of the Russian Revolution of 1917 for black radicals across the African diaspora. The volume challenges European-centred understandings of the Russian Revolution and the global left and enables new insights on the relations between Communism and various black radical traditions.

The Black Book of Communism Nov 30 2019 Collects and analyzes seventy years of communist crimes that offer details on Kim Sung's Korea, Vietnam under "Uncle Ho," and Cuba under Castro.

Red Feb 23 2022 A wound to the heart, a hole so deep. Can it be fixed? Or simply replaced? People lie. Those closest to me, tell the most lies. Do they not know who I am? What I'm capable of? Sometimes I wonder if they do. Because when I unravel

their lies, they will be delivered to the hell I once visited. And it won't be pleasant.

Black Struggle. Red Scare Oct 10 2020 At the height of the cold war, southern segregationists exploited the reigning mood of anxiety by linking the civil rights movement to an international Communist conspiracy. Jeff Woods tells a gripping story of fervent crusaders for racial equality swept into the maelstrom of the South's siege mentality, of crafty political opportunists who played upon white southerners' very real fear of Communists, and of a people who saw lurking enemies and detected red propaganda everywhere. In their strange double identity as both defiant Confederate flag-wavers fiercely protecting regional sovereignty and as American superpatriots, many southerners stood ready to defend against subversives be they red or black. Concentrating on the phenomenon at its most intense period, Woods makes vivid the fearful synergy that developed between racist forces and the anti-Communist cause, reveals the often illegal means used to wash the movement red, and documents the gross waste of public funds in pursuing an almost nonexistent threat. Though ultimately unsuccessful in convincing Americans outside of Dixie that the civil rights protests were controlled by Moscow, the southern red scare forced movement activists to distance themselves from the Marxist elements in their midst -- thereby gaining the sympathy of the American people while losing the support of some of their most passionate antiracist campaigners. A product of vast archival research and the latest literature on this increasingly popular subject, this is the first book to consider the southern red scare as a unique regional phenomenon rather than an offshoot of McCarthyism or massive resistance. Addressing the fundamental struggle of Americans to balance liberty and security in an atmosphere of racial prejudice and ideological conflict, it will be equally compelling for students of civil rights, southern history, the cold war, and American anti-Communism.

From Red to Black Mar 15 2021 Roll Up Your Sleeves & Fix the Problem! ABC Hurricane Shutters, a Florida-based company, was on the verge of Chapter 11 bankruptcy, having recorded losses in each of the preceding three years. In *From Red to Black: A Business Turnaround*, Robert S. Curry shares his thought process, action steps, and profit improvement recommendations throughout his turnaround engagement at the shutter company. After Bob's first meeting with the owner, he developed a detailed plan for recovery and was engaged the next day. Within four months, the company had made a complete turnaround with nearly every "must-do" completed. Thanks to Bob's efforts, ABC was well on its way to becoming the most profitable hurricane shutter company in Florida. While every business in distress is unique, Bob's philosophy is that everyone in the company has to roll up their sleeves and work hard to fix the problems or find a new place to work. Effective communication is paramount. He begins every engagement by listening and says of this particular business turnaround, "I spent the first two weeks listening to managers and staff, all of whom had a perception of what was wrong with the company. My father told me a long time ago, 'God gave you two ears and one mouth, so listen, and you will learn!' And so that's what I did-- and always do." The takeaway lessons in this illustrative story are sure to spark your ideas on how to turn a troubled company around and help you take proactive steps toward financial stability and profit. As Bob always says, there is no substitute for a strong leader to make a company profitable. Read *From Red to Black*, and you will learn how to be that leader.

Red, Black, and Objective Aug 27 2019 Drawing on the empirical findings generated by researchers in science studies, and adopting Kropotkin's concept of anarchism as one of the social sciences, *Red, Black, and Objective* expounds and develops an anarchist account of science as a social construction and social institution. Restivo's account is at once normative, analytical, organizational, and policy oriented, in particular with respect to education.

Red Dress in Black and White Sep 20 2021 "This is a Borzoi book published by Alfred A. Knopf"--Title page verso.

Folding the Red into the Black Feb 11 2021 Walter Mosley is one of America's bestselling novelists, known for his critically acclaimed series of mysteries featuring private investigator Easy Rawlins. His writing is hard-hitting, often limned with a political subtext, and aimed at a broad audience. Years ago, when Mosley was working on a doctorate in political theory, he envisioned writing very different kinds of books from those for which he has become celebrated. But once you've been tagged as a novelist, and in Mosley's case, a genre writer, even a bestselling one, it is hard to get an airing for ideas that cross those boundaries. *Folding the Red into the Black* has grown out of Mosley's public talks, which have gotten both enthusiastic and agitated responses, making him feel the ideas in those talks should be explored in greater depth. Mosley's is an elastic mind, and in this short polemic he frees himself to explore some novel ideas. He draws on personal experiences and insights as an African-American, a Jew, and one of our great writers to present an alternative manifesto of sorts: "We need to throw off the unbearable weight of bureaucratic capitalist and socialist demands; demands that exist to perpetuate these systems, not to praise and raise humanity to its full promise. And so I propose the word, the term Untopia."

The Circle Trilogy Aug 08 2020 Brings together the three volumes of the author's "Circle" trilogy, featuring Thomas Hunter's battles to survive in two separate worlds filled with treachery, destruction, and terror.

When Red Is Black Sep 01 2022 When the murder of a woman is reported to the Shanghai police while Inspector Chen is on vacation, Sergeant Yu is forced to take charge of the investigation. The victim, Yin Lige, a novelist known for her banned book, has been found dead in her tiny, humble room off the stairwell of a converted multi-family house. It seems that only a neighbor could have committed the crime, for the building is kept locked at night. But there is no apparent motive. Sergeant Yu tries to unravel the reclusive woman's past and begins to realize it may have larger political implications. The Cultural Revolution might be more than 30 years in the past, but its effects can still be felt at every level of Chinese society. From the

Trade Paperback edition.

Red, White, Black & Blue May 29 2022 Both born in 1942, William Drennen and Kojo Jones grew up a mile from each other in Charleston, West Virginia, each witnessing a separate side of the racial politics of segregation and desegregation in the Appalachian state. Editor Johnson (English, Marshall U.) has combined the sections of their me

Black, Red, and Deadly Sep 28 2019 Black and Indian gunfighters in the Indian Territory

Red is the New Black Dec 12 2020 Red Is the New Black challenges the assumption that the Democratic Party is a girl's best friend. Red Is the New Black takes an in depth look at the major policy issues affecting all of us to unveil the core values that best empower today's women. It turns out that if we focus on values instead of arguing over ideas, there's a whole lot of common ground upon which women of all viewpoints can agree. Entrepreneur, media commentator, and former White House National Security Council Director Cathy Lynn Taylor shares how these core tenants have shaped her own decisions—and success—and should be shaping the policies that affect the daily lives of women. By combining her own personal anecdotes with hard-hitting research, Taylor powerfully illustrates a set of values that unite us and the policies that best support them.

Lucky Per Jul 27 2019 Lucky Per, written at the turn from the nineteenth to the twentieth century (1898-1904), has never before been translated into English, although its author, Henrik Pontoppidan, won the Nobel Prize in literature in 1917 together with his Danish countryman Karl Adolph Gjellerup. Indeed, Pontoppidan's novel was singled out by writers like Thomas Mann and Georg Lucács as seminal in modern world literature. Lucky Per sweeps through every social, religious, literary, and philosophical circle of the 1890s, through the politics of city power brokers, the engineering of new technology, the alien correctives of provincial complacency by the ecumenical culture and complex of Copenhagen's Jewish set, the victims of the Russian pogroms, and the cosmopolitan chastisement imported from the European capitals by the self-exiled Georg Brandes, Danish critic of huge influence and presence, and a character in the novel. The contrast between the Danish capital and provinces is matched by that between Copenhagen and Berlin. The Austrian Alps are host to a clash between a form of progressive post-Darwinian naturalism and conservative Christianity, whereas Italy mediates between comparative morality and the classical and contemporary worlds. Pontoppidan dramatically incorporates the perspectives of the makers of early modernism, such as Brandes, Kierkegaard, Nietzsche, Ibsen, biblical prophets, and Bohemian artists. Trolls from Scandinavian fairy tales haunt the novel's realism without ever letting them bully or appropriate either the life of the fiction or the life of the protagonist from his childhood as the son of a strict Lutheran pastor through the passionate sorrows and joys that led him to his full maturity. It is a rich and riveting work of moral, metaphysical, psychological, philosophical, and literary complexity and depth, carried by a large, varied, vivid, and vibrant cast of characters of all classes and persuasions.

Red Black and Green Nov 22 2021 From the first slaves who rose up against their master in the early period of American history to the prominent modern figures such as Malcolm X, Elijah Muhammed, Eldridge Cleaver, Red, Black, and Green traces the origins, the struggles and the accomplishments of black nationalism. Its broad discussion of the ideology of black nationalism and of the conditions that gave rise to this ideology provides the foundation for a thorough account of the black nationalist movement in the peak years of its momentum, roughly the decade 1963 to 1973. The author deals both with specific milestones, such as Marcus Garvey's Universal Negro Improvement Association in the early twentieth century, and with the far-reaching implications of the movement for the black community and for the United States as a whole. He looks at the many facets of black nationalism - revolutionary nationalism, cultural nationalism, religious nationalism, and educational nationalism - analyses the relationship between this movement and liberation movements in general.

Black on Red Apr 27 2022 The author, a toolmaker who accepted a one-year contract to work in the Soviet Union in 1930 and lived there, mostly against his will, for the next forty-four years, vividly depicts Soviet life and Soviet events during that period

Red and Black Aug 20 2021

Red, White, and Black Make Blue Apr 15 2021 Like cotton, indigo has defied its humble origins. Left alone it might have been a regional plant with minimal reach, a localized way of dyeing textiles, paper, and other goods with a bit of blue. But when blue became the most popular color for the textiles that Britain turned out in large quantities in the eighteenth century, the South Carolina indigo that colored most of this cloth became a major component in transatlantic commodity chains. In *Red, White, and Black Make Blue*, Andrea Feeser tells the stories of all the peoples who made indigo a key part of the colonial South Carolina experience as she explores indigo's relationships to land use, slave labor, textile production and use, sartorial expression, and fortune building. In the eighteenth century, indigo played a central role in the development of South Carolina. The popularity of the color blue among the upper and lower classes ensured a high demand for indigo, and the climate in the region proved sound for its cultivation. Cheap labor by slaves—both black and Native American—made commoditization of indigo possible. And due to land grabs by colonists from the enslaved or expelled indigenous peoples, the expansion into the backcountry made plenty of land available on which to cultivate the crop. Feeser recounts specific histories—uncovered for the first time during her research—of how the Native Americans and African slaves made the success of indigo in South Carolina possible. She also emphasizes the material culture around particular objects, including maps, prints, paintings, and clothing. *Red, White, and Black Make Blue* is a fraught and compelling history of both exploitation and empowerment,

revealing the legacy of a modest plant with an outsized impact.

Circle Trilogy 3 in 1 Jan 01 2020 Three novels. Two worlds. One Story. Enter an adrenaline-laced epic where dreams and reality collide. **Black** - An incredible story of evil and rescue, betrayal and love, and a terrorist threat unlike anything the human race has ever known. A virulent evil has been unleashed upon the people of Earth. The only man who can stop it is Thomas Hunter, an unlikely hero whose life is stretched between two worlds. Every time he falls asleep in one reality, he awakes in the other. Soon Thomas no longer knows which reality is real. Yet it quickly becomes apparent that his choices in each world impact the other--and that the fates of both rest in his hands. **Red** - In one world, Thomas Hunter is a battle-scarred general commanding an army of primitive warriors. In the other, he's racing to outwit sadistic terrorists intent on creating global chaos through an unstoppable virus. Thomas must find a way to change history--or face the destruction of two worlds. **White** - Thomas Hunter has only days to survive two separate realms of danger, deceit, and destruction. The fates of both worlds now rest on his unique ability to shift realities through his dreams. Thomas and The Circle must quickly decide who they can trust--both with their own lives and the fate of millions. And neither the terror of **Black** nor the treachery of **Red** can prepare Thomas for the forces aligned against The Circle in **White**.
