The 'Made in Germany' Champion Brands Jun 25

2019 Germany's economic miracle is a widely-

known phenomenon, and the world-leading,

innovative products and services associated with

German companies are something that others

seek to imitate. In The 'Made in Germany'Â'

Champion Brands, Ugesh A. Joseph provides an

extensively researched, insightful look at over

200 of Germany's best brands to see what they

stand for, what has made them what they are

today, and what might be transferable. The way

Germany is branded as a nation carries across

into the branding of its companies and services, particularly the global superstar brands - truly world-class in size, performance and reputation.

Just as important are the medium-sized and small enterprises, known as the 'Mittelstand'.

These innovative and successful enterprises

from a wide range of industries and product /

service categories are amongst the World

market leaders in their own niche and play a

huge part in making Germany what it is today.

The book also focuses on German industrial

entrepreneurship and a selection of innovative

and emergent stars. All these companies are

supported and encouraged by a sophisticated

infrastructure of facilitators, influencers and

enhancers - the research, industry, trade and

standards organizations, the fairs and

exhibitions and all the social and cultural factors

that influence, enhance and add positive value to

the country's image. Professionals or academics

interested in business; entrepreneurship;

branding and marketing; product or service

development; international trade and business

development policy, will find fascinating insights

in this book; while those with an interest in

Germany from emerging industrial economies

will learn something of the secrets of German

success.
