Business Model Generation May 03 2020 Business Model Generation is a handbook for visionaries, game changers, and challengers striving to defy outmoded business models and design tomorrow's enterprises. If your organization needs to adapt to harsh new realities, but you don't yet have a strategy that will get you out in front of your competitors, you need Business Model Generation. Co-created by 470 "Business Model Canvas" practitioners from 45 countries, the book features a beautiful, highly visual, 4-color design that takes powerful strategic ideas and tools, and makes them easy to implement in your organization. It explains the most common Business Model patterns, based on concepts from leading business thinkers, and helps you reinterpret them for your own context. You will learn how to systematically understand, design, and implement a game-changing business model—or analyze and renovate an old one. Along the way, you'll understand at a much deeper level your customers, distribution channels, partners, revenue streams, costs, and your core value proposition. Business Model Generation features practical innovation techniques used today by leading consultants and companies worldwide, including 3M, Ericsson, Capgemini, Deloitte, and others. Designed for doers, it is for those ready to abandon outmoded thinking and embrace new models of value creation: for executives, consultants, entrepreneurs, and leaders of all organizations. If you're ready to change the rules, you belong to "the business model generation!"

The Car Hacker's Handbook Jan 29 2020 Modern cars are more computerized than ever. Infotainment and navigation systems, Wi-Fi, automatic software updates, and other innovations aim to make driving more convenient. But vehicle technologies haven't kept pace with today's more hostile security environment, leaving millions vulnerable to attack. The Car Hacker's Handbook will give you a deeper understanding of the computer systems and embedded software in modern vehicles. It begins by examining vulnerabilities and providing detailed explanations of communications over the CAN bus and between devices and systems. Then, once you have an understanding of a vehicle's communication network, you'll learn how to intercept data and perform specific hacks to track vehicles, unlock doors, glitch engines, flood communication, and more. With a focus on low-cost, open source hacking tools such as Metasploit, Wireshark, Kayak, can-utils, and ChipWhisperer, The Car Hacker's Handbook will show you how to: — Build an accurate threat model for your vehicle — Reverse engineer the CAN bus to fake engine signals — Exploit vulnerabilities in diagnostic and data-logging systems — Hack the ECU and other firmware and embedded systems — Feed exploits through infotainment and vehicle-to-vehicle communication systems — Override factory settings with performance-tuning techniques — Build physical and virtual test benches to try out exploits safely If you're curious about automotive security and have the urge to hack a two-ton computer, make The Car Hacker's Handbook your first stop.

Yeah Dave's Guide to Livin' the Moment Sep 18 2021 Yeah Dave "Romanelli puts chocolate, wine, and excellent tunes right on the path to enlightenment. What's not to love? David "Yeah Dave" Romanelli is kinda hip, kinda goofy, and occasionally really outrageous, an unlikely guru who is reinventing the quest for enlightenment. For Yeah Dave, the path to ecstasy doesn't require any previous experience with yoga, meditation, or wellness. He shows us how to find transcendence through everyday pleasures, like admiring the sunset or rocking out to your favorite band. "There is a place where the chocolate tastes sweeter, the music sounds better, the inspiration feels richer, and the visions look clearer," writes Dave. "That place is the Moment." Yeah Dave's Guide to Livin' the Moment offers an alternative to the crazy, over-stimulating, distracted world we live in today, a world in which we watch the news while eating, eye our email while conversing, and forget to notice the full moon while texting. On our mission for speed, movement, and stimulation, we risk missing our life. Yeah Dave's book gives us our life back, one beautiful, delicious, and funny moment at a time. Yeah Dave's Guide will make you laugh out loud while taking you someplace totally unexpected. Through hilarious vignettes about his dorky moves on the dance floor, his Crackberry addiction, and his tryst with Hot Horny Married Woman, he shares fresh and unforgettable wisdom. Without dogma or anything too "out there," Dave makes you want to slow down the blur of modern life and find the full flavor, power, and passion that can only be found in the Moment.

The Gentleman's Book of Etiquette and Manual of Politeness Nov 08 2020 This book provides rules for the etiquette to be observed in the street, at table, in the ball room, evening party, and morning call; with full directions for polite or repulsive, dress, conversation, manly exercises, and accomplishments. Man was not intended to live like a bear or a hermit, apart from others of his own nature, and, philosophy and reason will each agree with me, that man was born for sociability and finds his true delight in society. Society is a word capable of many meanings, and used here in each and all of them. Society, par excellence; the world at large; the little clique to which he is bound by early ties; the companionship of friends or relatives; even society tete a tete with one dear sympathizing soul, are pleasant states for a man to be in. All in all this is a great book on etiquette. A great place to learn the rules of etiquette.

The Startup Owner's Manual Apr 13 2021 More than 100,000 entrepreneurs rely on this book for detailed, step-by-step instructions on building successful, scalable, profitable startups. The National Science Foundation pays hundreds of startup teams each year to follow the process outlined in the book, and it's taught at Stanford, Berkeley, Columbia and more than 100 other leading universities worldwide. Why? The Startup Owner's Manual guides you, step-by-step, as you put the Customer Development process to work. This method was created by renowned Silicon Valley startup expert Steve Blank, co-creator with Eric Ries of the "Lean Startup" movement and tested and refined by him for more than a decade. This 608-page how-to guide includes over 100 charts, graphs, and diagrams, plus 77 valuable checklists that guide you as you drive your company toward profitability. It will help you: • Avoid the 9 deadly sins that destroy startups' chances for success • Use the Customer Development method to bring your business idea to life • Incorporate the Business Model Canvas as the organizing principle for startup hypotheses • Identify your customers and determine how to "get, keep and grow" customers profitably • Compute how you'll drive your startup to repeatable, scalable profits. The Startup Owner's Manual was originally published by K&S Ranch Publishing Inc. and is now available from Wiley. The cover, design, and content are the same as the prior release and should not be considered a new or updated product.
