*Create the Future + The Innovation Handbook Nov 09 2020 Learn to Innovate and Make Real Change In our era of disruption and possibility, there are so many great opportunities within your grasp; however, most smart and successful people miss out. Unfortunately, your capabilities are limited by the seven traps of path dependency, which cause you to repeat past decisions. These traps can limit you from seeing the potential of what could be. If you could overcome these traps, what could you accomplish? How much more successful could you be? Create the Future teaches you how to think disruptively, providing specific steps to create real innovation and change. This book combines Jeremy's high energy, provocative thinking with tactics that have been battle-tested through thousands of his team's projects advising leading innovators like Disney, Starbucks, Amex, IBM, Adidas, Google, and NASA. On top of all that, this is a double-sided book, paired with The Innovation Handbook, a revised edition of Jeremy's award-winning book, Exploiting Chaos.*

*Trailblazer in Flight Aug 07 2020 Yvonne Pope Sintes only ever wanted to fly. But in the 1950s, very few women were allowed into the male dominated world of aviation. Whilst many women were consigned to the role of house-wife, Yvonne*

chose a different path. Her dream was to join the ranks of the Royal Air Force, crisscrossing international skies. Despite an awareness of the pitfalls that might await her, she embarked upon her mission. Her story, told here for the first time and in her own words, is one characterized by gritty determination against the odds, a startling level of achievement and a continually modest approach to life and her own accomplishments.??A career trajectory marked by such landmark achievements as becoming the first female Air Traffic Controller with the Ministry of Aviation, the first female civil airline pilot in the UK, and the first female jet airline captain in Britain are relayed in this inspiring autobiography. ??Bomb scares, engine failures and other perilous episodes punctuated Yvonne's experience. All are enlivened during the course of the narrative. A raft of prestigious awards including the Brabazon Cup, the International Owner and Pilots Association award for best Air Traffic Controller in Europe, the Amelia Earhart memorial Scholarship for licensed pilots to advance in aviation, the Whitney Straight Award for courage and determination in pursuit of an aviation career (awarded by Princess Anne) and the British Airline Pilots Association Award for work towards air safety – all were awarded to Yvonne during the course of a spectacular career, the details of which make for a truly inspiring and engrossing read.??Yvonne has taken this opportunity to record the pitfalls and landmark successes of her career for posterity. She does so in a style that is at once both humble and immensely celebratory of a profession that has meant so much to her.??"I first met Yvonne and her husband Miguel in Mahon during September 1992 when I was researching my book on Dan-Air. It was immediately clear that she had a rare and fascinating story that deserved telling in its entirety to reach a much wider audience. I am pleased and proud to have played a small part in making that happen!" - Graham M. Simons, Editor??As featured in the Surrey Advertiser, Essence Magazine and Discover Your History Trailblazers 3 Teacher's Manual 1st Ed. 2006 Nov 29 2019

*Story-Based Inquiry: A Manual for Investigative Journalists* Dec 23 2021 "Investigative Journalism means the unveiling of matters that are concealed either deliberately by someone in a position of power, or accidentally, behind a chaotic mass of facts and circumstances - and the analysis and exposure of all relevant facts to the public. In this way investigative journalism crucially contributes to freedom of expression and freedom of information, which are at the heart of UNESCO's mandate. The role media can play as a watchdog is indispensable for democracy and it is for this reason that UNESCO fully supports initiatives to strengthen investigative journalism throughout the world. I believe this publication makes a significant contribution to promoting investigative journalism and I hope it will be a valuable resource for journalists and media professionals, as well as for journalism trainers and educators." -- J?nis K?rklis, Assistant Director-General for Communication and Information, UNESCO, Preface, page 1.

*Minecraft Creator Markus "Notch" Persson May 28 2022 Audisee® eBooks with Audio combine professional narration and sentence highlighting to engage reluctant readers! Do you play computer games? If you do, you've probably played Minecraft. When Minecraft creator Markus Persson was young, he wasn't very interested in the games themselves. He was more interested in the programming instructions in the computer's manual. By the time Persson was eight years old, he was writing code for his own computer games. When he was eighteen, Persson landed his dream job as a video game programmer. In 2009, he designed Minecraft in a single weekend. In the game, players use blocks to build whatever they choose. Persson wanted to let players use their imaginations, and the idea paid off. Today, Minecraft is one of the most popular computer games in the world. Although Persson doubts he will ever top this success, he continues to develop games, while fans wait for what's next.*
