International Trademark Classification Oct 08 2020 International Trademark Classification: A Guide to the Nice Agreement helps trademark and IP attorneys properly classify goods and services on trademark applications. It explains the forty-five Classes of goods and services adopted under the Nice Agreement, a worldwide classification system for trademark registration adhered to by more than seventy countries. Author Jessie N. Roberts sets forth the Official Text of Class Headings and the Explanatory

Notes for which goods and services are included or excluded from each Class. This is followed by an examination of each item within the Class, including items for which there are no official explanations. This book can be helpful to trademark practitioners and national offices in the classification of items not included in the alphabetical list. The approach is international in scope, and is not organized from the viewpoint of any specific jurisdiction. This new Fourth Edition clarifies some of the Classes--particularly Classes 5, 9, and 28--and makes the Alphabetical List of the Nice Agreement more logical and useful.
