[Light Years](#) Sep 18 2021 This exquisite, resonant novel by PEN/Faulkner winner James Salter is a brilliant portrait of a marriage by a contemporary American master. It is the story of Nedra and Viri, whose favored life is centered around dinners, ingenious games with their children, enviable friends, and near-perfect days passed skating on a frozen river or sunning on the beach. But even as he lingers over the surface of their marriage, Salter lets us see the fine cracks that are spreading through it, flaws that will eventually mar the lovely picture beyond repair. Seductive, witty, and elegantly nuanced, *Light Years* is a classic novel of an entire generation that discovered the limits of its own happiness—and then felt compelled to destroy it.

[Year of the Monkey](#) Jan 29 2020 From the National Book Award-winning author of *Just Kids* and *M Train*, a profound, beautifully realized memoir in which dreams and reality are vividly woven into a tapestry of one transformative year. Following a run of New Year's concerts at San Francisco's legendary Fillmore, Patti Smith finds herself tramping the coast of Santa Cruz, about to embark on a year of solitary wandering. Unfettered by logic or time, she draws us into her private wonderland with no design, yet heeding signs—including a talking sign that looms above her, prodding and sparring like the Cheshire Cat. In February, a surreal lunar year begins, bringing with it unexpected turns, heightened mischief, and inescapable sorrow. In a stranger's words, "Anything is possible: after all, it's the Year of the Monkey." For Smith—inveterately curious, always exploring, tracking thoughts, writing—the year evolves as one of reckoning with the changes in life's gyre: with loss, aging, and a dramatic shift in the political landscape of America. Smith melds the western landscape with her own dreamscape. Taking us from California to the Arizona desert; to a Kentucky farm as the amanuensis of a friend in crisis; to the hospital room of a valued mentor; and by turns to remembered and imagined places, this haunting memoir blends fact and fiction with poetic mastery. The unexpected happens; grief and disillusionment set in. But as Smith heads toward a new decade in her own life, she offers this balm to the reader: her wisdom, wit, gimlet eye, and above all, a rugged hope for a better world. Riveting, elegant, often humorous, illustrated by Smith's signature Polaroids, *Year of the Monkey* is a moving and original work, a touchstone for our turbulent times.

[Year of Yes](#) May 03 2020 The creator of "Grey's Anatomy" and "Scandal" details the one-year experiment with saying "yes" that transformed her life, revealing how accepting unexpected invitations she would have otherwise declined enabled powerful benefits.

[The Years of Rice and Salt](#) May 27 2022 With the same unique vision that brought his now classic Mars trilogy to vivid life, bestselling author Kim Stanley Robinson boldly imagines an alternate history of the last seven hundred years. In his grandest work yet, the acclaimed storyteller constructs a world vastly different from the one we know. . . . "A thoughtful, magisterial alternate history from one of science fiction's most important writers."—The New York Times Book Review It is the fourteenth century and one of the most apocalyptic events in human history is set to occur—the coming of the Black Death. History teaches us that a third of Europe's population was destroyed. But what if the plague had killed 99 percent of the population instead? How would the world have changed? This is a look at the history that could have been—one that stretches across centuries, sees dynasties and nations rise and crumble, and spans horrible famine and magnificent innovation. Through the eyes of soldiers and kings, explorers and philosophers, slaves and scholars, Robinson navigates a world where Buddhism and Islam are the most influential and practiced religions, while Christianity is merely a historical footnote. Probing the most profound questions as only he can, Robinson shines his extraordinary light on the place of religion, culture, power—and even love—in this bold New World. "Exceptional and engrossing."—New York Post "Ambitious . . . ingenious."—Newsday

[The Oracle Year](#) Apr 25 2022 From bestselling comic-book franchise writer Charles Soule comes a clever and witty first novel of a twentysomething New Yorker who wakes up one morning with the power to predict the future—perfect for fans of Joe Hill and Brad Meltzer, or books like *This Book Is Full of Spiders* and *Welcome to Night Vale*. Knowledge is power. So when an unassuming Manhattan bassist named Will Dando awakens from a dream one morning with 108 predictions about the future in his head, he rapidly finds himself the most powerful man in the world. Protecting his anonymity by calling himself the Oracle, he sets up a heavily guarded Web site with the help of his friend Hamza to selectively announce his revelations. In no time, global corporations are offering him millions for exclusive access, eager to profit from his prophecies. He's also making a lot of high-powered enemies, from the President of the United States and a nationally prominent televangelist to a warlord with a nuclear missile and an assassin grandmother. Legions of cyber spies are unleashed to hack the Site—as it's come to be called—and the best manhunters money can buy are deployed not only to unmask the Oracle but to take him out of the game entirely. With only a handful of people he can trust—including a beautiful journalist—it's all Will can do to simply survive, elude exposure, and protect those he loves long enough to use his knowledge to save the world. Delivering fast-paced adventure on a global scale as well as sharp-witted satire on our concepts of power and faith, Marvel writer Charles Soule's audacious debut novel takes readers on a rollicking ride where it's impossible to predict what will happen next.

[The Seven Good Years](#) Sep 06 2020 A brilliant, life-affirming, and hilarious memoir from a "genius" (The New York Times) and master storyteller. With illustrations by Jason Polan. The seven years between the birth of Etgar Keret's son and the death of his father were good years, though still full of reasons to worry. Lev is born in the midst of a terrorist attack. Etgar's father gets cancer. The threat of constant war looms over their home and permeates daily life. What emerges from this dark reality is a series of sublimely absurd ruminations on everything from Etgar's three-year-old son's impending military service to the terrorist mind-set behind *Angry Birds*. There's Lev's insistence that he is a cat, releasing him from any human responsibilities or rules. Etgar's siblings, all very different people who have chosen radically divergent paths in life, come together after his father's shivah to experience the grief and love that tie a family together forever. This wise, witty memoir—Etgar's first nonfiction book published in America, and told in his inimitable style—is full of wonder and life and love, poignant insights, and irrepressible humor.

[The Years](#) Jun 23 2019 The Years traces the history of the genteel Pargiter family from the 1880s to the "present day" of the mid-1930s. Spanning through fifty years, the novel focuses on the small private details of the characters' lives. Sections take place on a single day of its titular year, and each year is defined by a particular moment in the cycle of seasons.

[The Road](#) Jan 23 2022 NATIONAL BESTSELLER • WINNER OF THE PULITZER PRIZE • A searing, post-apocalyptic novel about a father and son's fight to survive, this "tale of survival and the miracle of goodness only adds to McCarthy's stature as a living master. It's gripping, frightening and, ultimately, beautiful" (San Francisco Chronicle). A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. The Road is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, "each the other's world entire," are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation. Look for Cormac McCarthy's new novel, *The Passenger*.

**Hokusai and His Age** Jul 25 2019 This profusely illustrated volume presents groundbreaking scholarship on the Ukiyo-e artist Katsushika Hokusai (1760-1849) and his immediate artistic and literary circles. Achieving worldwide renown for his dramatic landscape print series, such as the "Thirty-six Views of Mt. Fuji," Hokusai also excelled in book illustrations, erotica, and privately commissioned woodcuts called "surimono." Aspects of the artist's innovative and novel approach to the graphic arts are discussed in the first half of this volume. Less well known, Hokusai was a highly accomplished painter who oversaw a studio of several close pupils, including his daughter Ti, who often worked in a style closely resembling his own. The study of Hokusai's corpus of paintings thus raises many complex issues of authorship, dating and authenticity -- further complicated by the abundant production of forgeries both during and after his lifetime. An appendix of recognized Hokusai seals helps further clarify this aspect of the artist's work. The distinguished roster of contributors includes: Asano Shugo, Gian Carlo Calza, John T. Carpenter, Timothy T. Clark, Doris Croissant, Kobayashi Tadashi, Kubota Kazuhiro Roger Keyes, Matsudaira Susumu, Matthi Forrer, Naito Masato, David Pollack, John M. Rosenfield, Timon Screech, Segi Shin'ichi, Henry D. Smith II, and Tsuji Nobuo. The publication is sponsored by the International Hokusai Research Centre at the University of Venice and the Sainsbury Institute for the Study of Japanese Arts and Cultures (SISJAC), London and Norwich.

**Sentence** Aug 06 2020 A memoir of a decade in prison by a well-educated young addict known as the "Apologetic Bandit" In 2003 Daniel Genis, the son of a famous Soviet émigré writer, broadcaster, and culture critic, was fresh out of NYU when he faced a serious heroin addiction that led him into debt and ultimately crime. After he was arrested for robbing people at knifepoint, he was nicknamed the "Apologetic Bandit" in the press, given his habit of expressing regret to his victims as he took their cash. He was sentenced to twelve years—ten with good behavior, a decade he survived by reading 1,046 books, taking up weightlifting, having philosophical discussions with his fellow inmates, working at a series of prison jobs, and in general observing an existence for which nothing in his life had prepared him. Genis describes in unsparring and vivid detail the realities of daily life in the New York penal system. In his journey from Rikers Island and through a series of upstate institutions, he encounters violence on an almost daily basis, while learning about the social strata of gangs, the "court" system that sets geographic boundaries in prison yards, how sex was obtained, the workings of the black market in drugs and more practical goods, the inventiveness required for everyday tasks such as cooking, and how debilitating solitary confinement actually is—all while trying to preserve his relationship with his wife, whom he recently married. Written with empathy and wit, Sentence is a strikingly powerful memoir of the brutalities of prison and how one man survived them, leaving its walls with this book inside him, "one made of pain and fear and laughter and lots of other books."

**One Hundred Years of Solitude** Jul 17 2021 One of the 20th century's enduring works, One Hundred Years of Solitude is a widely beloved and acclaimed novel known throughout the world, and the ultimate achievement in a Nobel Prize-winning career. The novel tells the story of the rise and fall of the mythical town of Macondo through the history of the Buendía family. It is a rich and brilliant chronicle of life and death, and the tragicomedy of humankind. In the noble, ridiculous, beautiful, and tawdry story of the Buendía family, one sees all of humanity, just as in the history, myths, growth, and decay of Macondo, one sees all of Latin America. Love and lust, war and revolution, riches and poverty, youth and senility -- the variety of life, the endlessness of death, the search for peace and truth -- these universal themes dominate the novel. Whether he is describing an affair of passion or the voracity of capitalism and the corruption of government, Gabriel García Márquez always writes with the simplicity, ease, and purity that are the mark of a master. Alternately reverential and comical, One Hundred Years of Solitude weaves the political, personal, and spiritual to bring a new consciousness to storytelling. Translated into dozens of languages, this stunning work is no less than an accounting of the history of the human race.

**Silver, Sword, and Stone** Oct 08 2020 Winner, American Library Association Booklist's Top of the List, 2019 Adult Nonfiction Acclaimed writer Marie Arana delivers a cultural history of Latin America and the three driving forces that have shaped the character of the region: exploitation (silver), violence (sword), and religion (stone). "Meticulously researched, [this] book's greatest strengths are the power of its epic narrative, the beauty of its prose, and its rich portrayals of character...Marvelous" (The Washington Post). Leonor Gonzales lives in a tiny community perched 18,000 feet above sea level in the Andean cordillera of Peru, the highest human habitation on earth. Like her late husband, she works the gold mines much as the Indians were forced to do at the time of the Spanish Conquest. Illiteracy, malnutrition, and disease reign as they did five hundred years ago. And now, just as then, a miner's survival depends on a vast global market whose fluctuations are controlled in faraway places. Carlos Buergos is a Cuban who fought in the civil war in Angola and now lives in a quiet community outside New Orleans. He was among hundreds of criminals Cuba expelled to the US in 1980. His story echoes the violence that has coursed through the Americas since before Columbus to the crushing savagery of the Spanish Conquest, and from 19th- and 20th-century wars and revolutions to the military crackdowns that convulse Latin America to this day. Xavier Albó is a Jesuit priest from Barcelona who emigrated to Bolivia, where he works among the indigenous people. He considers himself an Indian in head and heart and, for this, is well known in his adopted country. Although his aim is to learn rather than proselytize, he is an inheritor of a checkered past, where priests marched alongside conquistadors, converting the natives to Christianity, often forcibly, in the effort to win the New World. Ever since, the Catholic Church has played a central role in the political life of Latin America—sometimes for good, sometimes not. In this "timely and excellent volume" (NPR) Marie Arana seamlessly weaves these stories with the history of the past millennium to explain three enduring themes that have defined Latin America since pre-Columbian times: the foreign greed for its mineral riches, an ingrained propensity to violence, and the abiding power of religion. Silver, Sword, and Stone combines "learned historical analysis with in-depth reporting and political commentary...[and] an informed and authoritative voice, one that deserves a wide audience" (The New York Times Book Review).

**The Year of Magical Thinking** Dec 30 2019 NEW YORK TIMES BESTSELLER • NATIONAL BOOK AWARD WINNER • From one of America's iconic writers, a stunning book of electric honesty and passion that explores an intensely personal yet universal experience: a portrait of a marriage—and a life, in good times and bad—that will speak to anyone who has ever loved a husband or wife or child. Several days before Christmas 2003, John Gregory Dunne and Joan Didion saw their only daughter, Quintana, fall ill with what seemed at first flu, then pneumonia, then complete septic shock. She was put into an induced coma and placed on life support. Days later—the night before New Year's Eve—the Dunes were just sitting down to dinner after visiting the hospital when John Gregory Dunne suffered a massive and fatal coronary. In a second, this close, symbiotic partnership of forty years was over. Four weeks later, their daughter pulled through. Two months after that, arriving at

LAX, she collapsed and underwent six hours of brain surgery at UCLA Medical Center to relieve a massive hematoma. This powerful book is Didion's attempt to make sense of the "weeks and then months that cut loose any fixed idea I ever had about death, about illness ... about marriage and children and memory ... about the shallowness of sanity, about life itself.

**The Year of Reading Dangerously** Jul 05 2020 An editor and writer's vivaciously entertaining, and often moving, chronicle of his year-long adventure with fifty great books (and two not-so-great ones)—a true story about reading that reminds us why we should all make time in our lives for books. Nearing his fortieth birthday, author and critic Andy Miller realized he's not nearly as well read as he'd like to be. A devout book lover who somehow fell out of the habit of reading, he began to ponder the power of books to change an individual life—including his own—and to define the sort of person he would like to be. Beginning with a copy of Bulgakov's *Master and Margarita* that he happens to find one day in a bookstore, he embarks on a literary odyssey of mindful reading and wry introspection. From Middlemarch to Anna Karenina to A Confederacy of Dunces, these are books Miller felt he should read; books he'd always wanted to read; books he'd previously started but hadn't finished; and books he'd lied about having read to impress people. Combining memoir and literary criticism, *The Year of Reading Dangerously* is Miller's heartfelt, humorous, and honest examination of what it means to be a reader. Passionately believing that books deserve to be read, enjoyed, and debated in the real world, Miller documents his reading experiences and how they resonated in his daily life and ultimately his very sense of self. The result is a witty and insightful journey of discovery and soul-searching that celebrates the abiding miracle of the book and the power of reading.

**Goliath** Jun 15 2021 A New York Times Editors' Choice Pick! A Most Anticipated Pick for USA Today | Bustle | BuzzFeed | Goodreads | Nerdist | io9 | WBUR | Polygon | The New Scientist "In this ambitious novel, dense with perspectives and social commentary, Onyebuchi dreams up disparate lives in a crumbling future America—with gentrifiers returning to Earth from space colonies and laborers trying to make a precarious living—while leaving room for moments of beauty and humor."—The New York Times, Editors' Choice In his adult novel debut, *Hugo, Nebula, Locust*, and NAACP Image Award finalist and ALA Alex and New England Book Award winner Tochi Onyebuchi delivers a sweeping science fiction epic in the vein of Samuel R. Delany and Station Eleven. In the 2050s, Earth has begun to empty. Those with the means and the privilege have departed the great cities of the United States for the more comfortable confines of space colonies. Those left behind salvage what they can from the collapsing infrastructure. As they eke out an existence, their neighborhoods are being cannibalized. Brick by brick, their houses are sent to the colonies, what was once a home now a quaint reminder for the colonists of the world that they wrecked. A primal biblical epic flung into the future, *Goliath* weaves together disparate narratives—a space-dweller looking at New Haven, Connecticut as a chance to reconnect with his spiraling lover; a group of laborers attempting to renew the promises of Earth's crumbling cities; a journalist attempting to capture the violence of the streets; a marshal trying to solve a kidnapping—into a richly urgent mosaic about race, class, gentrification, and who is allowed to be the hero of any history. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

**Murakami T** Feb 21 2022 The international literary icon opens his eclectic closet: Here are photographs of Murakami's extensive and personal T-shirt collection, accompanied by essays that reveal a side of the writer rarely seen by the public. Many of Haruki Murakami's fans know about his massive vinyl record collection (10,000 albums!) and his obsession with running, but few have heard about a more intimate passion: his T-shirt collecting. In *Murakami T*, the famously reclusive novelist shows us his T-shirts—from concert shirts to never-worn whiskey-themed Ts, and from beloved bookstore swag to the shirt that inspired the iconic short story "Tony Takitani." These photographs are paired with short, frank essays that include Murakami's musings on the joy of drinking Guinness in local pubs across Ireland, the pleasure of eating a burger upon arrival in the United States, and Hawaiian surf culture in the 1980s. Together, these photographs and reflections reveal much about Murakami's multifaceted and wonderfully eccentric persona.

**Man of the Year** Jun 27 2022 A sinister, sophisticated debut thriller by "a remarkable new voice to watch" (J.T. Ellison, New York Times bestselling author), *Man of the Year* has been lauded by Shelf Awareness as "an impressive slow burn that builds suspense and cracks the whip at the end...redolent with menace and ego." Dr. Robert Hart, Sag Harbor's just-named Man of the Year, is the envy of his friends and neighbors. His medical practice is thriving. He has a beautiful old house and a beautiful new wife and a beautiful boat docked in the village marina. Even his wayward son, Jonah, is back on track, doing well at school and finally worthy of his father's attentions. So when Jonah's troubled college roommate needs a place to stay for the summer, Hart and his wife generously offer him their guesthouse. A win-win: Jonah will have someone to hang with, and his father can bask in the warm glow of his own generosity. But when Robert suspects his new houseguest of getting a little too close to his wife, the good doctor's veneer begins to crack, and all the little lies he tells start to mount. Before long, Robert is embroiled in a desperate downward spiral, threatening to destroy anyone who stands in his way. It's only the women in his life—his devoted office manager, his friends and neighbors, his wife—who can reveal the truth...if he's willing to look. Biting and timely, *Man of the Year* races along at an electric pace, building to a wicked twist you won't see coming.

**The Grace Year** Jan 11 2021 The Instant New York Times Bestseller! A speculative thriller in the vein of *The Handmaid's Tale* and *The Power*. Optioned by Universal and Elizabeth Banks to be a major motion picture! "A visceral, darkly haunting fever dream of a novel and an absolute page-turner. Liggett's deeply suspenseful book brilliantly explores the high cost of a misogynistic world that denies women power and does it with a heart-in-your-throat, action-driven story that's equal parts horror-laden fairy tale, survival story, romance, and resistance manifesto. I couldn't stop reading." - Libba Bray, New York Times bestselling author *Survive the year*. No one speaks of the grace year. It's forbidden. In Garner County, girls are told they have the power to lure grown men from their beds, to drive women mad with jealousy. They believe their very skin emits a powerful aphrodisiac, the potent essence of youth, of a girl on the edge of womanhood. That's why they're banished for their sixteenth year, to release their magic into the wild so they can return purified and ready for marriage. But not all of them will make it home alive. Sixteen-year-old Tierney James dreams of a better life—a society that doesn't pit friend against friend or woman against woman, but as her own grace year draws near, she quickly realizes that it's not just the brutal elements they must fear. It's not even the poachers in the woods, men who are waiting for a chance to grab one of the girls in order to make a fortune on the black market. Their greatest threat may very well be each other. With sharp prose and gritty realism, *The Grace Year* examines the complex and sometimes twisted relationships between girls, the women they eventually become, and the difficult decisions they make in-between.

**The Years** Sep 30 2022 WINNER OF THE 2022 NOBEL PRIZE IN LITERATURE Shortlisted for the 2019 Man Booker International Prize Considered by many to be the iconic French memoirist's defining work and a breakout bestseller when published in France in 2008 *The Years* is a personal narrative of the period 1941 to 2006 told through the lens of memory, impressions past and present—even projections into the future—photos, books, songs, radio, television and decades of advertising, headlines, contrasted with intimate conflicts and writing notes from 6 decades of diaries. Local dialect, words of the times, slogans, brands and names for the ever-proliferating objects, are given voice here. The voice we recognize as the author's continually dissolves and re-emerges. Ernaux makes the passage of time palpable. Time itself, inexorable, narrates its own course, consigning all other narrators to anonymity. A new kind of autobiography emerges, at once subjective and impersonal, private and collective. On its 2008 publication in France, *The Years* came as a surprise. Though Ernaux had for years been hailed as a beloved, bestselling and award-winning author, *The Years* was in many ways a departure: both an intimate memoir "written" by entire generations, and a story of generations telling a very personal story. Like the generation before hers, the narrator eschews the "I" for the "we" (or "they", or "one") as if collective life were inextricably intertwined with a private life that in her parents' generation ceased to exist. She writes of her parents' generation (and could be writing of her own book): "From a common fund of hunger and

fear, everything was told in the "we" and impersonal pronouns." Co-winner of the 2018 French-American Foundation Translation Prize in Nonfiction Winner of the 2017 Marguerite Yourcenar Prize for her entire body of work Winner of the 2016 Strega European Prize

**The Next 500 Years** Mar 13 2021 An argument that we have a moral duty to explore other planets and solar systems--because human life on Earth has an expiration date. Inevitably, life on Earth will come to an end, whether by climate disaster, cataclysmic war, or the death of the sun in a few billion years. To avoid extinction, we will have to find a new home planet, perhaps even a new solar system, to inhabit. In this provocative and fascinating book, Christopher Mason argues that we have a moral duty to do just that. As the only species aware that life on Earth has an expiration date, we have a responsibility to act as the shepherd of life-forms--not only for our species but for all species on which we depend and for those still to come (by accidental or designed evolution). Mason argues that the same capacity for ingenuity that has enabled us to build rockets and land on other planets can be applied to redesigning biology so that we can sustainably inhabit those planets. And he lays out a 500-year plan for undertaking the massively ambitious project of reengineering human genetics for life on other worlds. As they are today, our frail human bodies could never survive travel to another habitable planet. Mason describes the toll that long-term space travel took on astronaut Scott Kelly, who returned from a year on the International Space Station with changes to his blood, bones, and genes. Mason proposes a ten-phase, 500-year program that would engineer the genome so that humans can tolerate the extreme environments of outer space--with the ultimate goal of achieving human settlement of new solar systems. He lays out a roadmap of which solar systems to visit first, and merges biotechnology, philosophy, and genetics to offer an unparalleled vision of the universe to come.

**Books of Adam** Aug 18 2021 Adam Ellis knew it was time to leave art school when a fellow student presented her final project to the class: "I put a condom on the Virgin Mary," she announced, unveiling a cheap figurine sheathed in latex. The professor loved it. Baffled by the praise his classmate receives, and intent on becoming an artist on his own terms, Adam plots his escape to Portland, Oregon to begin his life in the real world--only to realize that adulthood is a lot harder than it looks. Based on the blog of the same name, **BOOKS OF ADAM** details Adam's hilarious trials and tribulations in his attempt to become a functioning member of society. From his arrest after shoplifting a bottle of chocolate milk to a misguided attempt to make friends that lands him in a shack with a hippie couple who have just skinned a rabbit and are trying to entice him into a three-some, Adam is an amicable guy who can't seem to keep himself out of trouble. Paired with his signature black and white illustrations, Adam's stories weave together an uproariously funny and ultimately charming narrative about a young man trying to find his place in the world.

**Machine Habitus** Apr 01 2020 We commonly think of society as made of and by humans, but with the proliferation of machine learning and AI technologies, this is clearly no longer the case. Billions of automated systems tacitly contribute to the social construction of reality by drawing algorithmic distinctions between the visible and the invisible, the relevant and the irrelevant, the likely and the unlikely - on and beyond platforms. Drawing on the work of Pierre Bourdieu, this book develops an original sociology of algorithms as social agents, actively participating in social life. Through a wide range of examples, Massimo Airoidi shows how society shapes algorithmic code, and how this culture in the code guides the practical behaviour of the code in the culture, shaping society in turn. The 'machine habitus' is the generative mechanism at work throughout myriads of feedback loops linking humans with artificial social agents, in the context of digital infrastructures and pre-digital social structures. **Machine Habitus** will be of great interest to students and scholars in sociology, media and cultural studies, science and technology studies and information technology, and to anyone interested in the growing role of algorithms and AI in our social and cultural life.
